

## Structural Lifetime Limited Warranty

We warrant our engineered pre-finished hardwood flooring against any manufacturing defects caused by improper milling, assembly, grading, and finish coating. This warranty applies only to the original purchaser and installation site, and is non-transferable.

Structural Lifetime Warranty means that our engineered hardwood flooring products will remain free from delamination (separation between plies), buckling, warping, twisting, cupping or crowning in normal environmental conditions described in the installation and care and maintenance guidelines.

Normal environmental conditions mean that heating and ventilation systems shall be designed to maintain interior relative humidity level between 40% to 60% relative humidity all year round, to ensure best performance of your flooring.

Exposure to excessive heat, dryness or moisture may cause damage to your engineered hardwood flooring. It is natural that some minor contraction and expansion may occur due to the inherent properties of hardwood flooring. These occurrences will self correct with seasonal climate change and/or when suggested normal environmental conditions are maintained. Over time, natural color change may also occur on your hardwood flooring, which is not considered a defect.

## What Is Covered?

Whenever this warranty is applicable, our liability shall be limited to replacing, or repairing the defective flooring boards due to manufacturing defects in excess of the 5% accepted industry standard. The option of replacing or repairing will be solely up to the company and will only cover the cost of materials.

## What Is Not Covered?

Labor, down time and relocation are not covered. Damage due to transportation, storage, installation, extreme indoor conditions (heat, dryness, or moisture), extreme sunlight exposure, or from other causes are not covered.

For the warranty to be valid the flooring must be installed by a licensed flooring contractor in accordance with our installation instructions. Any damage to the material failure caused by improper installation or failure to maintain the environment will not be covered. Minor separation between planks may be experienced over time and is not covered under the warranty. Since wood is a natural product, it is possible that color and texture will change over time and is not considered a defect.
